Subject: RE: Follow-up to Pre-RD Group meeting today

Looking at our calendars Howard and I have availability

Today

- Noon to 1pm
- 2 to 3pm

Tomorrow

- 10am to 1pm during this time we'll be carpooling to Portland to conduct a Field Team meeting with Portland Staff to prepare them for the upcoming field oversight, however, we can conference call in the car via hands free. There may be some road noise in the background.
- Any time after 3pm

Thank you Scott. I am reviewing the conditions for the approval, will get back to you if you have any questions.

In anticipation of potential discussion on the DQMP, could you let me know of Howard's and your availability for the next couple of days for a quick one-hour meeting with the Pre-RD group if needed? Thank you.

Thanks,

Davis Zhen

Subject: Follow-up to Pre-RD Group meeting today

Hi Davis.

I'm back from my previously scheduled meeting at Ecology and got a debrief from Howard on the Bathymetry comment response meeting.

Howard will be sending you an updated Bathymetry comment response table very soon.

I understand the comments that were non-responsive (RED) were cleared up during the call, leaving only those

remaining conditional comments (Yellow) that are pending the additional documents they indicated they would provide, most importantly – the Task Specific Health and Safety Plan to be submitted 1 week prior to mobilization.

So I understand the next steps are:

1. Pre-RD Group will finalize their Bathy FSP
2. EPA will perform a final focused review of the updates they indicated they would include and if they are good, EPA will approve the document with a Conditional Approval listing the bulleted statements provided last Friday and again in this email. This is pending your review and edits (if any) of the conditions.

In terms of dispute level items: The Conditional Approval is something that they may dispute, since I don't think they are aware/ or expecting this type of approval.

Scott
